BUTCHER BOARD

With groove.

The natural beauty of luxurious walnut guarantees that you'll have a chopping board that is both eye-catching and highly functional. These boards have softened chamfered edges all around and precisely carved grooves on the top side. These juice grooves are strategically added to help contain juices from meats and fruits, keeping your workspace clean and organized during meal preparation.

Material: oak/ walnut

BLOCK*

BLOCK combines the natural beauty of wood with durable functionality. This board is made from a single piece of food with natural cracks. Every split is appreciated as a stage of the tree's life, now gracing your home with its organic charm. Board is finished with wood mineral oil which seeps into the wood grain to offer a bit of protection against changes in humidity, which makes the wood less susceptible to cracking or warping. BLOCK is more than just a cutting or serving board - it's a slice of nature in your home.

Material: oak/ walnut

Size M: 33x22x4.5cm

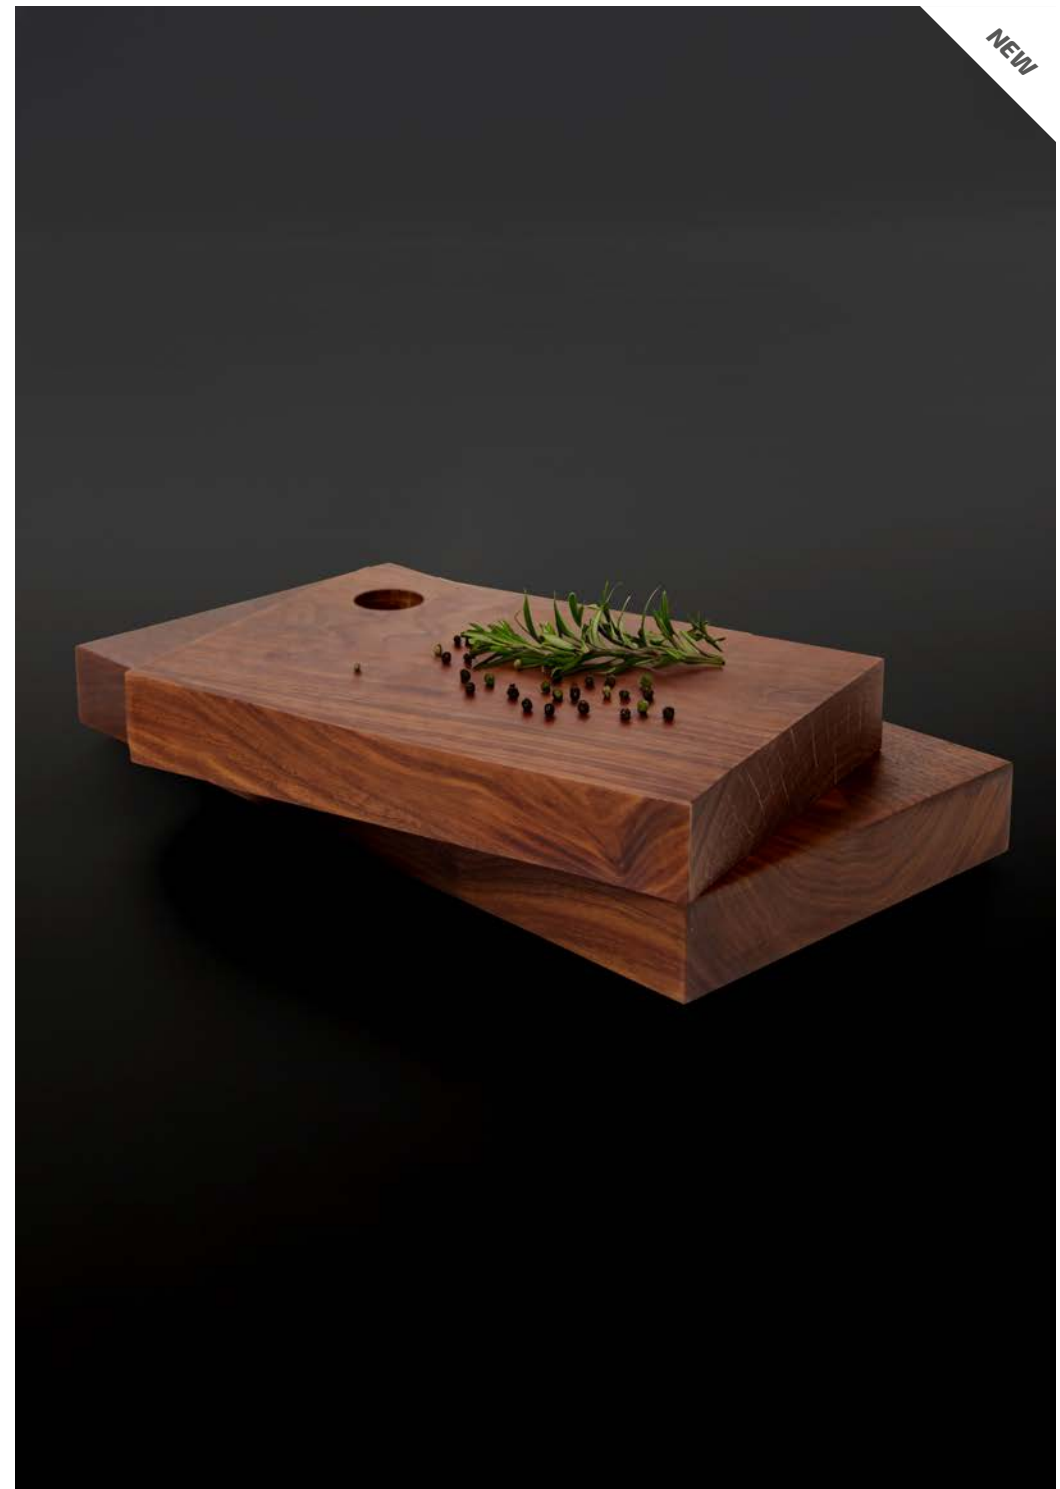

Size L: 50x25x4.5cm

*All boards have natural various cracks and defects

BURNED PINE BOARDS

Tall and elegant pines are arguably one of nature's most eye pleasing trees. Inspired by their beauty we created uniquely shaped slicing and serving boards - some of them are really sky reaching! These boards come in four slender shapes and can be natural or charred. The latter is a tribute to japanese yakisugi, or shou sugi ban technique, which makes Pine boards more water-proof, while remaining gentle on your knives. Whether you are slicing a single celery or celebrating with friends, Pine boards will be as handy as they are decorative.

Nature inspired light.

Sun and fire were the only sources of lights our eyes saw for thousands of years. Nowadays bright artificial light overwhelms us in every step of a way: in shopping malls, passing cars, with street lighting and omnipresent screens.

To bring back hygge coziness to your life, we introduce ELECTREE - all nature inspired, solid wood interior lamp. ELECTREE glows gently and warmly, much like fireplace or candle, thanks to it's natural wooden body and Edison inspired vintage bulb. You can easily adjust the light to fit an occasion and atmosphere just by turning the switcher. Each lamp is hand crafted from premium hard wood, giving every ELECTREE its own unique pattern. So give your eyes a break and your room - a natural accent, to glow warmth, coziness and joy every day of the year.

Size: 15x15x31 cm

BLOCK STOOL

The Block stool is made of solid wood. It gets its distinctive character from the natural growth and the resulting rough irregularities. Further cracks may form in the stool as the wood continues to dry. It is versatile, not only as a stool, but also as a side table, flower bench or bedside table.

Material: oak

Block stool S: 24x24x46 cm
